Impro Tango Game with Bruno & Rocío

Improvisation is about TO DO without a previous preparation. That's why we need to know which elements we count with at the moment of dancing.

This seminar, including 3 lessons, is about a game that we developed in the last years containing 40 cards with options that organize our dance and challenge us to improvise with an external guide.

This game will push you to improve your improvisation in a creative way and with a playful mood.
