Urania, Uraniastraße 1, 1010 Vienna

Hola queridas tangueras y queridos tangueros, we invite you to our special event on Saturday, 3rd of September: Tango Mango Grand Milonga! Ok, maybe we could have found a better name, but it's our first Evening Milonga, so give us time. For this special occasion we are happy to announce an exciting location in the center of Vienna, near the Danube Canal: the Urania. The great hall in situated on the top of the building with multiple terraces offering breathtaking views over the city. Bruno & Rocío will be performing and sharing their playfulness and unique expression with us.

On the weekend of our Milonga, you also have the opportunity to learn from and with them in different workshops. All infos here: <https://tangomango.at/.../tango-weekend-with-bruno-and-.../>. We also can't wait to listen to DJ David Mancini's great music that will keep us dancing all night - our feet may hurt after this milonga, but rest assured, we will be happy! Or as David would phrase it: "The challenge as a DJ is following and leading the emotions of the ronda, in order to generate the perfect energy flow, building a path to happiness." But David isn't just a great DJ, he is also a great dancer. So we have the pleasure to have an extra guest performance by him and his partner Salomé.
