MILONGA EL FIRULETE - the oldest traditional Milonga in town!

Nicolas Bertucci nicolastango@hotmail.com

Bäckerstrasse 16/1.Stock, 1010 Wien

Milonga El Firulete was founded by the argentine Nicolás Bertucci in 1999 to offer the- at that time- very small Vienesese Tango community a place where they could experience a traditional Milonga as you can find it in Buenos Aires.

Nicolás is dedicated to the "old School" Milongueros and traditional Milongas as they exist in his hometown and holds a deep respect for the traditions of the argentine Tango, including the music, the space and the dancers and their individual skills, ages and measurements of any kind.

He favors personal care over perfectionism and a good "caminar", chat, smile or laughter over exaggerated tango figures.
