Our beloved Milonga Itinerante is back and comes reloaded with the best program!!

We just had the first edition of 2023 with the wonderful Duo Faryna-Satorre playing live and are ready for more!

Itinerante means we have varied locations, and if you've joined the past editions you know how good it gets in all of them!

⭕ Save the date and not miss out: June 7 is the next ⭕

I'm super excited because we're adding a new location to our program: The great Amerlinghaus!

And such a special occasion comes with an equally special surprise ;)

This edition comes with live music too!

Nicolás Spreafico, best known as Nico Típico, is our special guest.

Tango dancer, singer, guitarist, interpreter and composer, Nico embodies the soul and energy of Argentinean popular music to create a unique atmosphere on the dance floor: fresh, intimate and even fun.

You already know my motto: Come as you are! With or without a dance partner, solo or with friends, beginner or experienced, dancing the role(s) you want, wearing what makes YOU feel good. All combinations are welcome!

Just bring good vibes and an open mind to co-create a welcoming space for all.

📍 Amerlinghaus is just 4min walk from the MuseumsQuartier. Find us in the Galerie (upstairs from the inner patio).

Looking forward to meeting you and dancing it all!

Jessica
